

## **ENGLISH TOY TERRIER (BLACK & TAN)**

Thank you for a lovely entry of quality dogs and I enjoyed judging them immensely. This is a breed I have owned and exhibited and still have a 14 year old that demands twice daily walks! I thought the overall standard today was impressive to say the least and a true reflection on the implementation of careful breeding programmes. I was keen to reward the unique elements of this lovely breed, especially the unique topline, overall size and shape.
